THE ASPER FOUNDATION

A LEGACY OF ENRICHING WINNIPEG'S CULTURAL HEARTBEAT

Almost a century ago, the families that built The Asper Foundation landed as immigrants to Canada. They came in search of freedom and a better way of life. The message handed down from generation to generation has been that when we achieve success, we give back. For decades, The Asper Foundation has woven itself into the fabric of our cultural landscape, supporting initiatives that bring art and music to life.

But at its core, The Asper Foundation isn't just about funding individual performances or venues—it's about fostering a sense of belonging, pride, and shared experiences. It's about creating spaces where Winnipeggers can connect, reflect, and celebrate who we are and where we come from. It's about building a better community.
